2.3.2 Teachers use ICT enabled tools for effective teaching-learning process.

Responses:

The Following documents includes:

- 1. Description of ICT enabled tools**
- 2. Images of ICT/PGDCA computer room**

PRINCIPAL

Govt. Pt. Madhav Rao Sapse
College-Pendra Road
Distt. Gaurella-Pendra-Marwahi (C.G.)

1. Description of ICT enabled tools

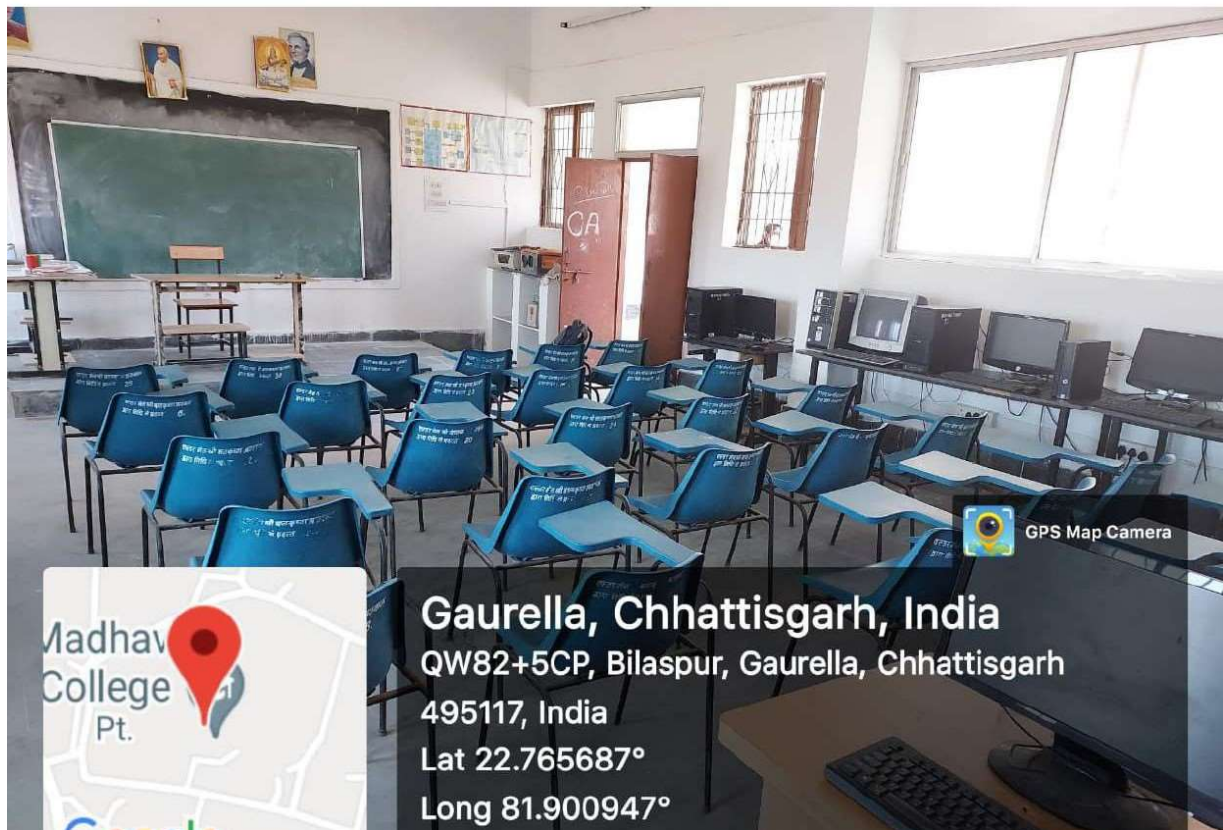

Teaching and learning are multi-faceted phenomena—and that's how we should be thinking about them, right from the start. Books written for beginning teachers, in fact lots of teaching books, focus on techniques. The presence of ICT in education allows for new ways of learning for students and teachers. E-learning or online learning is becoming increasingly popular and with various unprecedented events taking place in our lives, this does not only open opportunities for college to ensure that students have access to curriculum materials whilst in the classroom but also allows them to ensure students outside the classroom such as at home or even in hospitals can learn. Government Pt. Madhav Rao Sapre College has 1 room with ICT facility in which has 1 computer system and LED projector with screen. ICT in education improves engagement and knowledge retention: When ICT is integrated into lessons, students become more engaged in their work. This is because technology provides different opportunities to make it more fun and enjoyable in terms of teaching the same things in different ways.
